Teacher Evaluations

Teachers at UHS-Keystone Schools are reviewed annually through a performance evaluation, which aligns with their teacher job description and the California Standards for the Teaching Profession. UHS-Keystone Schools has also developed an instrument, The Classroom MAP, which identifies the quality indicators and standards of an effective classroom where learning is occurring and students demonstrate progress. Teachers are first trained in the MAP Standards; then they are observed in the classroom by an educational supervisor, provided with feedback and

coaching and a plan is developed to monitor their progress. This has been highly successful in developing our teaching staff and providing a high quality of educational services to our students.

Substitute Teacher

Substitute teachers utilized at UHS - Keystone Schools are credentialed by the CDE and fulfill teaching assignments as prescribed by the credential held. Schools maintain their own substitute teacher roster and are responsible for contacting the substitute in the event of a teacher absence. Substitute teachers attend our 40 hour pre-service training before assuming a temporary teaching assignment.

School Instruction and Leadership

UHS-Keystone Schools Grand Terrace's goal is to build a strong educational foundation for all our students and to encourage future movement to a less restrictive educational environment. Our academic expectation focuses on California State Standards, the IEP, and current "best" practices in programming and instructional materials. Our campus incorporates research-based instructional strategies and techniques that provide opportunities for students in meeting their IEP/ITP goals such as the REACH System. Our campus has also integrated Direct Instruction into daily lesson planning.

Professional Development

UHS-Keystone Schools Grand Terrace schedules five staff development training days during the school year. All new staff receives 5 days of training prior to assuming campus responsibility. All staff are trained in crisis intervention/PRO-ACT, and teachers receive specialized workshops during full in-service and minimum staff development days. Formal and informal observation occurs consistently in classrooms and throughout the program with verbal and written feedback. Coaching and modeling ensures that skills are learned and being effectively implemented. Staff is evaluated at the end of their 90 day probationary period and annually thereafter. This provides an opportunity to identify areas of strengths and weaknesses of the staff. Additional training is then provided if necessary.

All students are provided with textbooks in the core curricular areas, as well as utilizing supplemental materials which facilitate learning through multi-modality approaches. Textbooks are kept current and in good condition; however, if a book is destroyed, lost or worn it is replaced in a timely manner.
