## *Company's Mission Statement*

Kids come first at UHS-Keystone. This simple yet profound belief is the heart of our company. It is our ethical guide, our professional inspiration. It informs our everyday decisions, instills our actions with integrity, and forms our vision of tomorrow.

**Every child deserves another chance.  
Every child deserves our best.  
For in every child, there is hope.**

We believe the most important members of our company are the people who work directly with kids. Supporting them in their life-changing work, treating them with respect and honesty, is the mission of our home office. By operating in a fiscally responsible manner we will provide the resources they need to succeed. We value integrity. Our word is our bond. To help a child, our customers and parents must trust us, unconditionally, and truly know we have the best interests of the child at heart.

UHS-Keystone is a diverse group of people joined together to form a national company dedicated to helping troubled kids. Each UHS-Keystone school is different, with its own unique personality, approach, style, and high quality programs. Yet at the core of each, there is one simple guiding principle:

***Kids come first at UHS-Keystone.***

#### *School Safety Plan*

The Campus Safety Committee conducts reviews quarterly and adapts the Emergency Action Plan to meet the needs of the campus and holds monthly meeting to discuss any new business such as accidents, accident trends, self-inspection reports, and all recommendations submitted by outside agencies (insurance carrier, fire department, Cal-OSHA, etc.). Fire and earthquake drills are run monthly and problems are identified and corrected immediately.

#### *School Program and Practices that Promote a Positive Learning Environment*

Our program is designed to support and incorporate clearly stated school wide and classroom standards and expectations to include effective intervention techniques and strategies, social skills, character education, integrated services, BSP 's (Behavior Support Plans), and on-going staff development in "best practices". Our Site Behavioral Management Plan encourages a positive, proactive disciplinary approach that ensures active supervision and monitoring of progress through data collection. Our school wide standards are designed to relate directly to our school mission and values which promote respect, dignity, responsibility and safety.

#### *Suspensions and Expulsions*

In the event that a student has committed an act or acts that meet the criteria of Education Code Sections 48900 & 48915 for expulsion, and Sections 48911 for suspension and all other options have failed or are not applicable, suspension or expulsion may be considered. The School district will be notified immediately of a serious incident which may govern either a suspension or expulsion. The district's special education department will direct the school on whether to pursue either a suspension or expulsion.

*Please refer to the student's district of residence for specific suspension/expulsion data.*

### ***School Facilities***

### ***Assessing and Monitoring Student Progress***

The primary goal of student assessment is instructional improvement and increased student learning. Assessing student learning and monitoring of student progress combine to make a crucial component of the educational process at UHS-Keystone. Assessment and monitoring not only offer information about each student's progress for the IEP process, but it also provides overall data about the school's educational program. We monitor academic progress by adhering to a standards based curriculum, using both informal and formal assessments; including curriculum based and portfolio assessments. In addition we collect data to monitor the student's social-emotional and behavioral progress through the Behavior Support Planning process.

### ***California High School Exit Exam (CAHSEE)***

Beginning with the graduating class of 2006, students in California public schools will have to pass the California High School Exit Exam (CAHSEE) to receive a high school diploma. *However, due to the Chapman Settlement, the California Department of Education allowed waivers for special education students in the class of 2006 allowing them to receive diplomas without passing the CAHSEE.*

UHS-Keystone has also developed an instrument, The Classroom MAP, which identifies the quality indicators and standards of an effective classroom where learning is occurring and students demonstrate progress. Teachers are first trained in the MAP

Standards; then they are observed in the classroom by an educational supervisor, provided with feedback and coaching and a plan is developed to monitor their progress. This has been highly successful in developing our teaching staff and providing a high quality of educational services to our students.

***Substitute Teacher***

Substitute teachers utilized at UHS-Keystone Schools are credentialed by the CDE and fulfill teaching assignments as prescribed by the credential held. Substitute teachers attend our 40 hour pre-service training before assuming a temporary teaching assignment.

Our academic expectation focuses on California State Standards, the IEP, and current “best” practices in curriculum and instruction. Our campus incorporates research-based instructional strategies and techniques that provide opportunities for students in meeting their IEP/ITP goals such as the Soar to Success reading program to meet the reading needs and goals of our students. Written language skills are supported by the Learning Strategies Curriculum created by the Edge Enterprises through the Center for Research on Learning. We endeavor to utilize similar programs in basic math skills to provide a positive experience for our students with limited skills. Our corporate educational team provides the leadership, the on-going resources, and the training required to guarantee an exemplary academic setting.

Formal and informal observation occurs consistently in classrooms and throughout the program with

verbal and written feedback. Coaching and modeling ensures that skills are learned and being effectively implemented.
