SCHOOL SAFETY & CLIMATE FOR LEARNING**Positive Learning Environment & Discipline:**

Our program is designed to support and incorporate clearly stated school wide and classroom standards. Our expectations include effective intervention techniques and strategies, social skills, character education, integrated services, development of Behavior Support Plans, and on-going staff development in "best practices."

Our behavior program includes The Boys Town Specialized Classroom management. This program is a model for teaching life skills, incorporating a level motivation system and using a systematic way to address adaptive and non-adaptive behavior. We are able to use this model to increase students' on-task behavior and help them acquire the skills needed for school and community success. To date, our efforts have lead to 21 students returning back to district and a decrease in physical restraints. Students work on weekly pre-determined social skills and systematically are taught how to apply skills learned in real life situations like; in the community,

job placements, peer interactions, and when coming in contact with various people in the community.

Our Site Behavioral Management Plan encourages a positive, proactive disciplinary approach that ensures active supervision and monitoring of progress through data collection. Our school wide standards are designed to relate directly to our school mission and values which promote respect, dignity, responsibility and safety. We employ a certified Behavior Analyst to provide Functional Behavior and Behavior Intervention plans.

Teacher Evaluations:

Teachers at UHS Schools are reviewed annually through a performance evaluation, which aligns with their teacher job description and the California Standards for the Teaching Profession. UHS has also developed an instrument, the Teacher Report Card which identifies the quality indicators and standards of an effective classroom where learning is occurring and students demonstrate progress. Teachers are first trained in the Teacher Report Card standards then they are observed in the classroom by an educational supervisor, provided with feedback and coaching and a plan is developed to monitor their progress. This has been highly successful in developing our teaching staff and providing a high quality of educational services to our students.

Substitute Teacher:

Substitute teachers utilized at UHS Schools are credentialed by the CDE and fulfill teaching assignments as prescribed by the credential held. Schools maintain their own substitute teacher roster and are responsible for contacting the substitute in the event of a teacher absence. Substitute teachers attend our 40 hour pre-service training before assuming a temporary teaching assignment.
